

PolyFintech 100 Hackathon Briefing

5 April 2019

About NETS Group

What We Do

Driving e-payments anytime, anywhere

- Largest payments network in Singapore accepting debit, credit, stored value, QR & mobile payments
- > 70% coverage island-wide; acceptance points include department stores, large retailers, grocers, F&B, hawkers, pop-up stalls
- Online payments

Power the transportation segment

- CashCard the de facto payments card for car park & ERP charges
- NETS FlashPay for public transportation

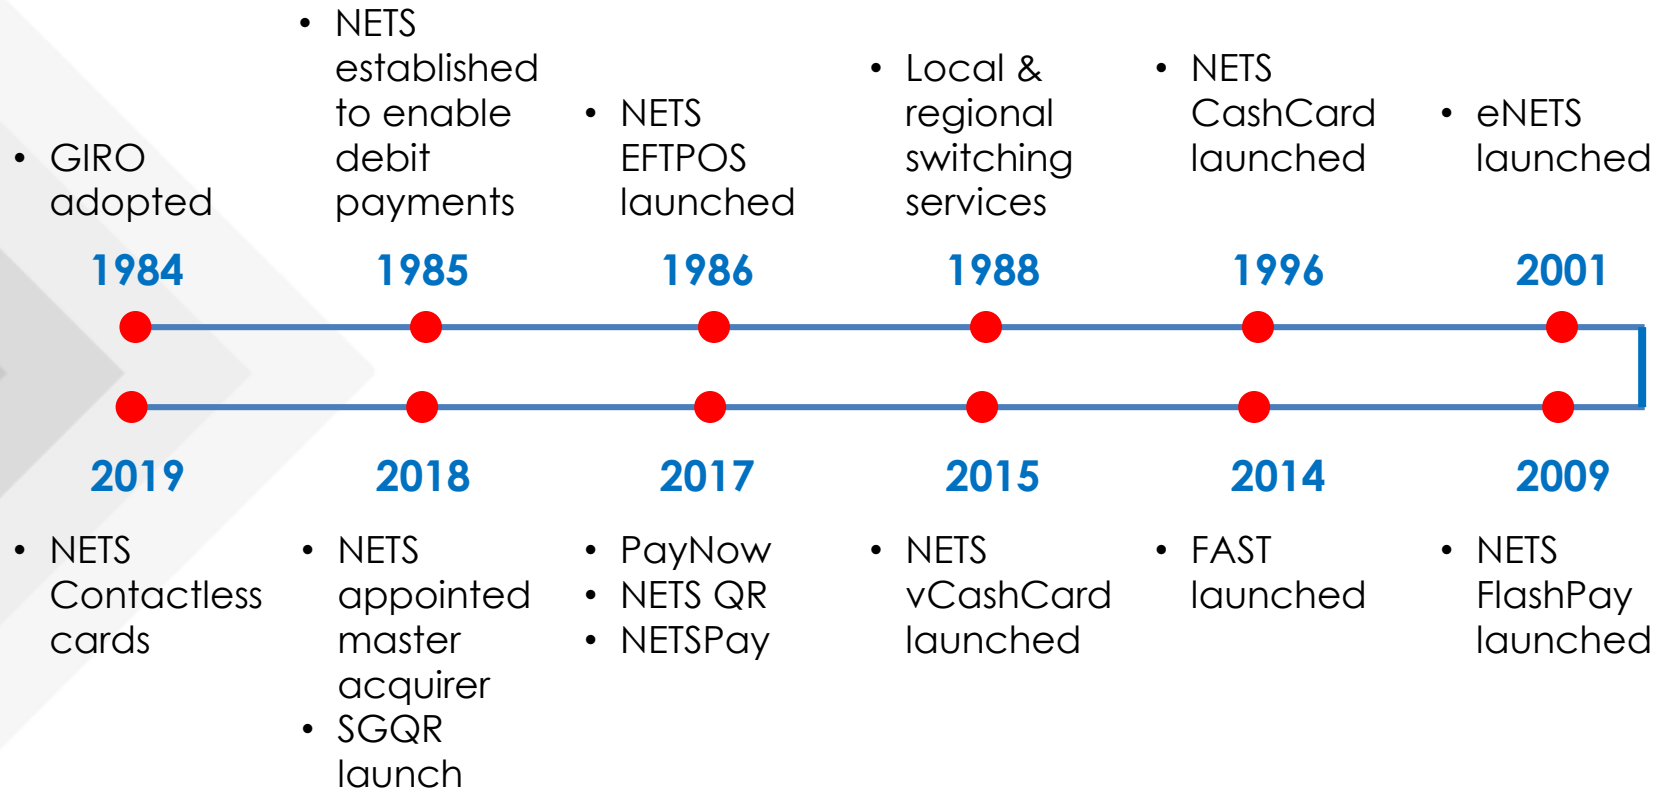

Electronic funds transfer services

- GIRO, FAST, PayNow
- Real-Time Gross Settlement System, Cheque Truncation System

NETS Group Milestones

A woman with dark hair, wearing a light blue sleeveless top, is smiling and holding a white NETS payment card over a tablet. The card has the word "NETS" in red and blue, followed by three red curved lines. The background shows a cafe interior with a chalkboard menu and a window looking out onto a city street with buildings and a purple bus.

**Simple, Secure,
Stress-Free
Payments**

NETS IS NOW DIGITAL

Implementations of Online NETS QR

Dine in restaurants

Kiosks

Pop up stores

Online shops

Mobile applications

Payment upon
Delivery

And more

Pay at Table

Tsui Wah

Successful implementation of Online Ordering & Payment

- Popular restaurant chain in Hong Kong, now comes to Singapore.
- Improves efficiency and cut down queue at cashier by allowing consumers to pay@table after their meal

Singtel 4G

Play Tsui Wah Video

Banana Chocolate Parfait

\$9.00

Brownie Served with Vanilla Ice-cream

Savoury French Toast Bites Served with Vanilla Ice-cream

\$9.50

Pop up store & Payment upon Delivery

Easy Login

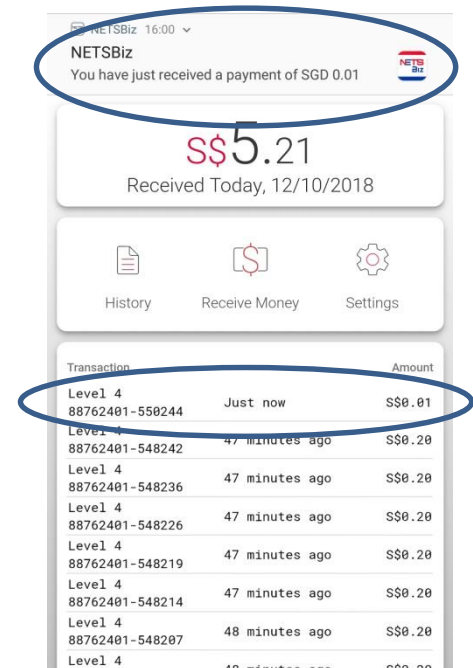

Simply scan the store QR to login

Easy Payment Collection

Ability to generate QR dynamically, on-the-go

Real-Time Notification

Pop-up and voice notifications when payment is successful

The Problem Statements for this Hackathon

Driving Towards a Cashless Society

How would you drive more people to adopt the habit of cashless payment?

What would encourage merchants to promote & accept more digital payment?

THANK YOU
